MELCHIZEDEK TINASHE MECER

Graphic Designer

Designing impactful brand identities, print experiences, and visual communication rooted in Zimbabwe helping businesses stand out through strategic branding, creative design, and high quality print solutions.

> "If you think good design is expensive, wait until you see the cost of bad design."
> - Ralf Speth

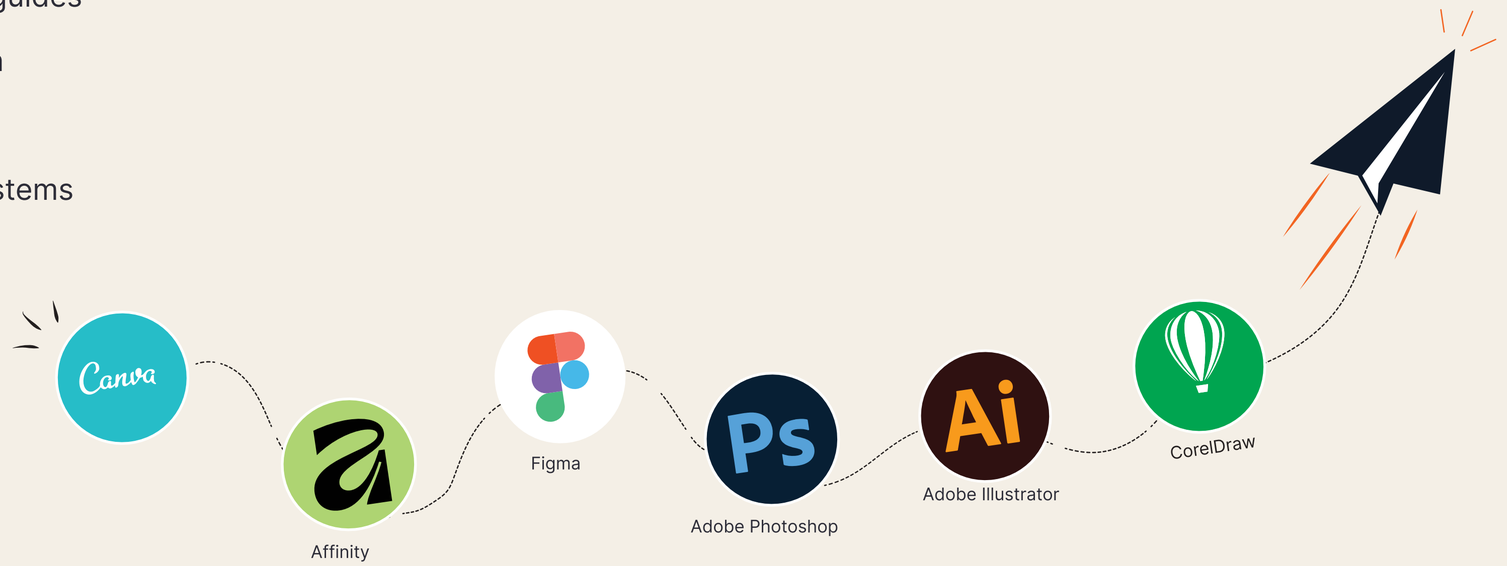

BRANDING — DESIGN — PRINT

About

I'm Melchizedek Tinashe Mecer, an independent Product Designer and Brand Identity Designer based in Harare, Zimbabwe. I create intuitive digital products, memorable brand identities, and high-quality print experiences that combine strategic thinking with clean, purposeful design.
I work across industry-standard tools including Adobe Illustrator, Figma, Photoshop, Canva, CorelDRAW, and Affinity Designer, with experience in UI/UX design, branding, prototyping, print production, and programmatic SVG/HTML to deliver cohesive digital and print solutions from concept to execution.

DESIGN

- Pitch decks & case studies
- Design systems & style guides
- Print & packaging design
- UI / UX product design
- Brand identity & logo systems

Projects

MESAM Prints

Transforming Ideas into Visual Masterpieces

Mesam Prints is a modern print and branding studio focused on helping businesses communicate through high-quality visual solutions. The brand identity was built around precision, creativity, and professionalism, resulting in a clean, scalable visual system across print and digital touchpoints. This project showcases my process from brand strategy and logo development to typography, color systems, marketing collateral, and print-ready production, demonstrating my ability to create cohesive brand experiences tailored to the Zimbabwean market.

Mopane Grill

Mopane Grill is a restaurant branding and marketing project focused on creating a bold, authentic identity that reflects the rich flavors and warmth of African cuisine. The project included developing engaging promotional content, social media visuals, and a cohesive visual direction designed to strengthen brand recognition and attract both new and returning customers.

Addict Rebranding

Why Rebrand Addict Salon?

Addict Salon’s rebrand aims to give the business a more modern, premium and distinctive identity that better reflects the quality of its beauty services. The existing brand has an opportunity to evolve beyond a basic salon image and create a stronger emotional connection with its target audience.

The redesign will focus on creating a consistent visual identity, refined logo, contemporary typography, and cohesive color system that positions Addict Salon as a confident, stylish, and memorable beauty brand.

The goal is to build a brand that looks as good as the experience it promises professional, aspirational, and instantly recognizable across both digital and physical touchpoints.
